Historical Document Migration™

Automatically, Securely, & Smoothly Migrate Any Employee HR/Payroll Document (including W2s, W4s, i9s, Paystubs, Conf agreements, Personnel Files and more; PDFs, JPGs, and more), from Any Legacy HR/Payroll System, for Any Size Customer, in Any Industry into any HR/Payroll or File System! **Wow!** With over 10M+ Documents successfully migrated, Customers RAVE about our Historical Employee Documents Migration speed and quality and give us a 4.89 out of 5 Customer Rating!

Believe it! Yes it is possible to: **1)** Move 100% off your Legacy HR/Payroll System, **2)** Avoid Unecessary Manual Work, **3)** Achieve 100% Compliance, and **4)** Experience a Smoother HR/Payroll Transformation!

Here's how our Historical Document Migration works:

Destination: *File System*

Say goodbye to clunky legacy HR/Payroll systems! With just one seamless flow, we automatically move all your HR documents into the File System of your choice (OneDrive, SharePoint, or other File Servers).
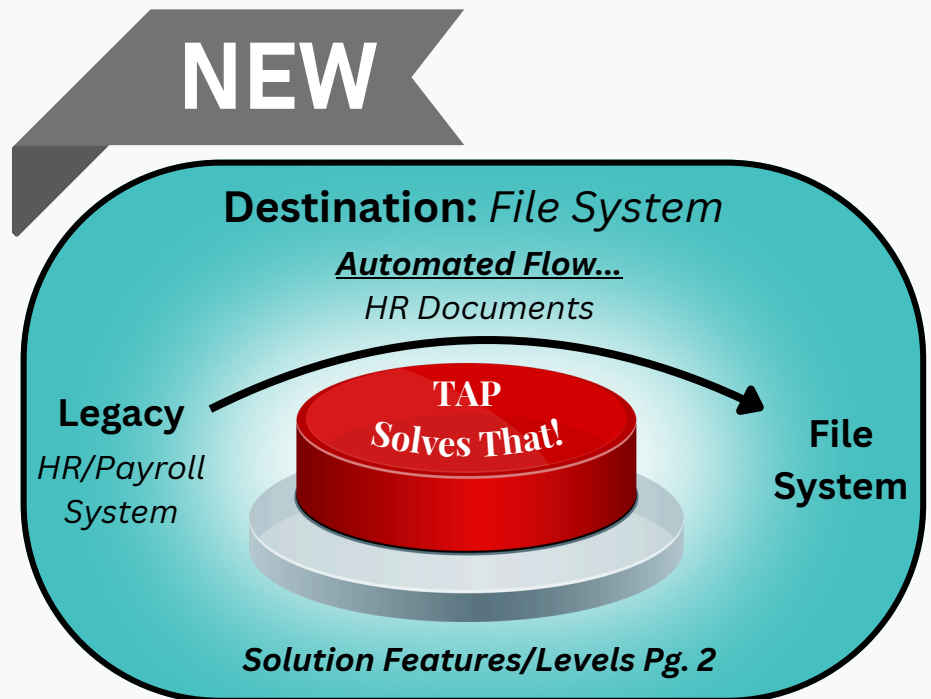

Our core feature auto gathers EE Docs, i9s, W2s, Paystubs, or Applicant Docs for a given employee/applicant, combines these into one E-Document and saves them on your chosen File System. We then repeat this process for each employee/applicant.

But Wait, There's More!

Unlimited employees/applicants. Unlimited documents. No caps, no restrictions. EE Docs and Paystubs are priced per employee, and applicant docs are priced per applicant. That's it. Straightforward, transparent, and built to scale with you.

Customer Success Story

You know when a Midwest restaurant group with **20+** locations and **250+** employees was drowning in HR paperwork stuck in a legacy system? Well, TAP Solved That using our Historical Document Migration Solution™ to securely move thousands of W2s, I-9s, and personnel files into SharePoint. Now their HR team enjoys instant access, stronger compliance, and freedom from manual document headaches.

Customer Testimonial
"Manually managing thousands of HR documents was overwhelming. Now everything is secure, organized, and right where we need it in SharePoint."
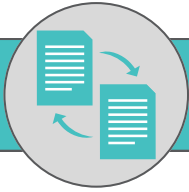

– Director of HR
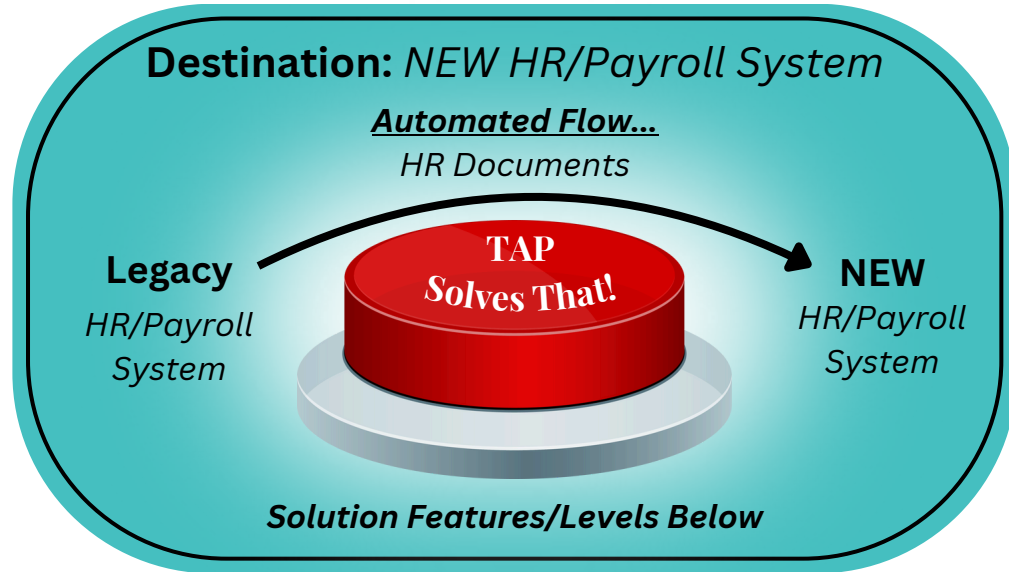

Historical Document Migration™

Destination: *New HR/Payroll System*

Say goodbye to clunky legacy HR/Payroll systems! With just one seamless flow, we automatically migrate every individual HR document into the New HR/Payroll System of your choice (Paycor, Paychex, ADP, isolved, etc).

Our core feature auto migrates every individual EE Doc, i9, W2, or Applicant Doc for a given employee/applicant, and saves each doc with the individual employee/ applicant record in your new HR/Payroll System. We can also rename those documents in the migration process.

But Wait, There's More!

Unlimited employees/applicants. Unlimited documents. No caps, no restrictions. Employee/applicants are priced per doc whether it is renamed or not. That's it. Straightforward, transparent, and built to scale with you.
