

TAP INNOVATIONS PAYCOR & 7SHIFTS INTEGRATION SUCCESS STORY

PAYCOR & 7SHIFTS INTEGRATIONS

Overview

Culinaire International, a prestigious entity in the Food and Beverage sector, operates with a strong foothold in the hospitality and franchise domain. As part of their mission to enhance efficiency and streamline operations across various fronts, they identified the pressing need to integrate their Point of Sale (POS) 7Shifts and HRIS systems, Paycor seamlessly. The goal was clear: an affordable, scalable, and quickly implemented solution that would revolutionize their service delivery and administrative workflows.

TAP Solutions, Services, & ROI

Utilizing cloud-based integration solutions, TAP Innovations devised a twofold strategy to propel Culinaire International towards greater operational efficacy. First, a meticulous employee demographic integration that not only extracted data from Paycor multiple times a day but also analyzed changes and formatted data for timely updates in the POS system. Second, a robust mechanism to push time data from the POS into HR software, ensuring swift and accurate payroll processing. These solutions were not only cost-effective but were also implemented swiftly.

The collaboration with TAP Innovations has ushered Culinaire International into a higher level of precision and efficiency, solving previously entrenched business challenges. Now, the manual entry points, processing errors, and duplicated efforts that once plagued their systems are obsolete, replaced by a seamlessly integrated network that guarantees real-time, accurate data management. This crucial step has positioned Culinaire International as a leader in their domain, ready to expand and adapt with a foundation of reliable and streamlined systems, paving the way for a prosperous future.
