

# EDIFICE PROTECTION GROUP

## PAYCOR INTEGRATION USE CASE

### Overview

Edifice Protection Group is a security services company licensed in 7 U.S. states. Employee data from Paycor is used in Quickbooks for creating invoices, and the process to transfer data between the two systems is manual and time-consuming. Automating manual efforts and processes will bring efficiencies to daily tasks, workflows and processes to capture business revenue. **TAP Innovations is a premier system integrator and in a matter of weeks connected their core business systems with enterprise integration and global access to employee data!**

### Business Challenge/Problem

Managing employee data in multiple systems requires manual efforts and causes potential revenue delays from client invoicing and billing. Quickbooks is utilized for invoice creation with Paycor data including employees' hours worked by client. Automating data transfers from Paycor to Quickbooks will save significant time by eliminating duplicate and error-prone workflows. Edifice Protection Group chose TAP Innovations to launch affordable and easy-to-implement system integration solutions that will improve their business operations and eliminate manual processes.

### Key Digital Tools

TAP Innovations is a Paycor integration expert and in a matter of weeks, closed their system integration gap with digital tools and new customized and automated data processes.

- SFTP Environment setup
- Data extractions
- Format data per Quickbooks template
- Paycor integration
