

GREEN PEAK INDUSTRIES, LLC

DOCUMENT & DATA INTEGRATION USE CASE

Overview

Green Peak Industries, LLC (Green Peak), Michigan's leading vertically integrated cannabis company and the state's largest medical & recreational license holder, enlisted TAP Innovations to provide integration from Ascentis employee data management solution to a leading HR and payroll services platform. This effort streamlined Green Peak's new employees and employee records changes. **TAP Innovations is a premier system integrator and solved Green Peak's employee data integration gap quickly and affordably!**

Business Challenge/Problem

Migrating information into their new HR system meant manually retrieving demographic data for new and existing employees from Ascentis to their HR Provider. Daily tasks proved to be manual, time-consuming and completely unmanageable by Green Peak staff. Using both Ascentis & their HR and payroll integration platform for different HR functions also required that both systems continuously stay in sync. Green Peak turned to TAP Innovations to develop an API integration between the two platforms to reduce employee data complexity and manual efforts.

Digital Tools

TAP Innovations is an HR system integration expert and closed their system integration gap with custom integration and new automated data processes.

- Develop API integrations between Ascentis and HR Platform
- Create new user accounts for all employee creation and changes
- Delete user accounts when employee status changes to terminated in HR database
- Update employee records when changes to tracked fields occur
- Provide ongoing customer and technical service
