

LOTTE GLOBAL LOGISTICS

PAYCOR INTEGRATION USE CASE

Overview

Lotte Global Logistics is a full-service supply chain management company. Employee demographic data is stored in multiple systems, and that means duplicate efforts to transfer or maintain current information. **Looking to integrate efficiencies into employee data management, Lotte chose TAP Innovations to solve their data transfer gap with premier enterprise integration!**

Business Challenge/Problem

Lotte Global Logistics accesses employee demographic data in multiple systems, and a lack of system integration causes duplicate data entry and record management. A streamlined integration between Paycor and MS Business Central would bring needed efficiencies into manual processes and workflows. TAP Innovations was chosen to quickly and affordably connect their core business systems for more effective, efficient and timely management of information.

Key Digital Tools

TAP Innovations is a Paycor integration expert and in a matter of weeks, closed their system integration gap with digital tools and new customized and automated data processes.

1. Paycor integration
