Overview

Mongolian Operating Company is a chain of restaurants based in Irving, Texas and needs to centralize employee records, data management and changes across sites and locations. Launching Paycor to streamline HR processes, Mongolian Operating Company chose TAP Innovations to integrate their main business systems with affordable and scalable solutions. **TAP Innovations is a premier system integrator and in a matter of weeks solved their big system connectivity gap with enterprise integration and access to employee data!**

Business Challenge/Problem

Mongolian Operating Company utilizes the learning management system WiseTail. Mongolian Operating Company asked TAP Innovations to provide integration from Paycor to Wisetail for all employee changes, ensuring that Paycor and Wisetail are in sync with all employee changes through APIs and Data Validation. Integration between WiseTail and Paycor will eliminate redundant manual efforts and data entry that cause errors and duplicate information. System synchronization of employee data and changes allows for an enterprise-level approach to information management for this growing chain of restaurants.

Key Digital Tools

TAP Innovations is a Paycor integration expert and in a matter of weeks, closed their system integration gap with digital tools and new customized and automated data processes.

1. API Performance
2. SFTP Environment setup
3. Data extractions
4. Data validation
5. Paycor integration
6. WiseTail integration
7. Output file standardization
8. Ongoing customer and technical service
