

NEIGHBORHOOD LEGAL SERVICES ASSOCIATION

PAYCOR AND LEGALSERVER INTEGRATION USE CASE

Overview

Neighborhood Legal Services Association (NLSA), a nonprofit, public interest law firm, provides civil legal assistance to vulnerable and low-income residents of Allegheny, Beaver, Butler & Lawrence Counties in Western Pennsylvania. Employees submit their time worked into LegalServer, which must then transfer into the Paycor Perform/Payroll HR platform for payroll processing. **Manually transferring data from one platform to another is time-consuming and inefficient, so NLSA chose TAP Innovations to automate time transfers quickly and affordably with premier integration solutions!**

Business Challenge/Problem

Paycor Perform/Payroll HR software required NLSA to customize data fields to correctly map LegalServer employee time data. NLSA had to extract from LegalServer case management software the total hours worked by each employee and manually format the information to load into the Paycor system correctly. To complete this task quickly and accurately, NLSA turned to TAP Innovations to automate, integrate and customize the data as required, eliminating the need for manual efforts and spreadsheets in the payroll process.

Digital Tools

TAP Innovations is an HR system integration expert and, in a matter of weeks, closed their employee time transfer gaps with customized and automated data processes that bring efficiencies and increased usability to their Paycor HR platform.

- Employee data extraction
- Data formatting and employee profile matching
