

PUEBLO MECHANICAL & CONTROLS

PAYCOR INTEGRATION USE CASE

Overview

Pueblo Mechanical launched Paycor for efficiency gains in payroll processes and employee weekly hours management. Using multiple systems for storing hours data and payout requires frequent data transformations to populate Paycor templates. **TAP Innovations is a premier system integrator and automated data transformation and validation processes in less than 4 weeks!**

Business Challenge/Problem

Pueblo Mechanical categorizes employee time primarily in weekly hours in their time management system. The employee time data needs to be scanned for completion and transformed to accurately populate Paycor templates and export into the Paycor Pay Grid. Looking to automate data scanning and transformations, Pueblo Mechanical chose TAP Innovations to accelerate their Paycor launch quickly and affordably while solving their manual efforts and spreadsheets challenges.

TAP Innovations' Solution

TAP Innovations is a Paycor integration expert and in a matter of weeks, closed their system integration gap with digital tools and new customized and automated data processes.

- SFTP environment setup
- Map earning codes between business systems
- Transform and validate data
- Data population into output file
- Automatic error notifications of incomplete data
- File export to Pueblo Mechanical
- Customized frequency of SFTP site scan and data transformation of Pueblo Mechanical files

Key Digital Tools

TAP Innovations is a premier systems integrator and customer implementations expert for HR, CRM, Financial, LMS, POS, and Healthcare (EMR and PM) software companies. Solutions are easily scalable and repeatable across multiple industries including franchises:

-  Bi-directional integrations
-  Bulk data loads to transfer historical data
-  Data transformations
-  Actionable Information
-  Data capture
-  Easily scalable and repeatable across franchises
