

TEAM CAR CARE

SHAREPOINT REDESIGN USE CASE

Overview

Team Car Care, dba Jiffy Lube, is the largest franchisee of quick lube retail service stores in the country with more than 550 Jiffy Lube locations from coast to coast and serving nearly 5 million guests each year. Team Car Care implemented SharePoint to improve employee collaboration and share business updates across the company. Design and functionality customizations became costly and time-consuming through SharePoint, and drove Team Car Care to choose TAP Innovations to spearhead its SharePoint redesign initiative.

Business Challenge/Problem

Team Car Care invested in SharePoint to boost team collaboration, manage employee information and centralize important company news and announcements. To further increase usability of the SharePoint platform, changes to the design and content formatting were necessary. Unfortunately, time and budget constraints drove Team Car Care to seek an external expert in SharePoint customization, and chose TAP Innovations for its affordable, quick-to-implement digital tools and solutions.

TAP Innovations' Solution

Through TAP Innovations, SharePoint usage will improve along with better management of employee information. Team Car Care will gain the ability to scale resolution between mobile, tablet and desktop devices. Dashboard design customization for multiple departments means users will see the information that is pertinent to their role. Other enhancements include:

- Homepage redesign
- Branding enhancements that align with the Team Car Care brand
- Quick links and other improved content area functionality
- Rotating news updates
- Callout for rewards and recognition
