

PARTNERSHIP OVERVIEW

CLOUD-BASED TECHNOLOGY FOR INTEGRATION,
INFRASTRUCTURE AND MANAGED SERVICES

Viyu Network Solutions Strategic Partnership

Does your technology system implementation need an integration solution to avoid manual efforts?

Do you have too many workarounds for exchanging or updating data?

Does your technology infrastructure need improvement?

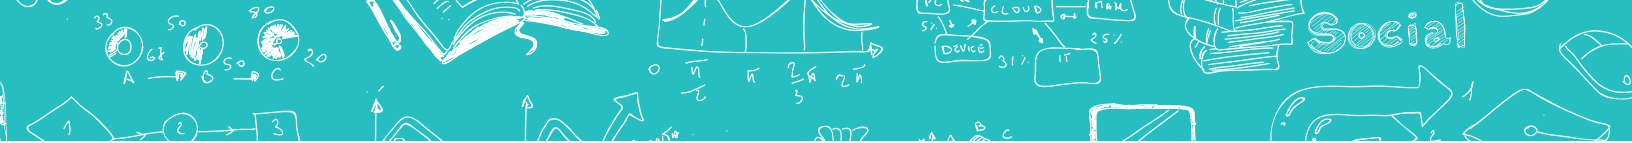

Is your data protected, and do you have the technical and service support you need when an issue arises?

TAP Innovations and strategic partner Viyu Network Solutions align cloud-based offerings that are scalable, repeatable and affordable. These solutions address challenges managing data in multiple systems. Cyber security and infrastructure solutions protect business information.

Solve Your Technology and Business Challenges:

- Inability to transfer historical data like employee, time and labor, without manual file uploads
- Data manipulations and transformations
- Manual efforts, processes and reliance on spreadsheets
- Unexpected budget increases or delays in system implementations
- Inefficient infrastructure
- Outdated disaster recovery plans and technology
- Technical support for immediate service

Making a Difference Today

Viyu Network Solutions provides reliable and dependable cloud-based tools that have proven to be superior in the market. Viyu Network Solutions supports TAP Innovations' customers through infrastructure administration, support and other technical expertise.

- Desktop asset management, imaging and purchasing
- Azure system administration
- Healthcare site infrastructure assessment and remediation

Viyu is a market leader with high quality, trusted and superior cloud solutions and services that complement TAP Innovations' premier integration technology. Customers are connected with tools and solutions to improve their enterprise infrastructure. No hidden fees or data transfer limits make data management worry-free.

Gain peace of mind that your information is connected and secured!
